

How to meet compliance for Hand Wash Basins in clinical areas with HTM 64: Sanitary Assemblies

White vitreous china basin with concealed fixings

- **No** tap-holes
- **No** overflow
- **No** chain-holes
- Hospital pattern basin, integral horizontal back outlet, large or medium
- Washing under running water (therefore no plug)
- Hospital pattern (lever-action) tap or automatically by sensor to avoid contamination
- Single horizontal spout, with **no** direct flow onto plug hole
- Open nozzle and flow straightener
- Thermostatic mixer in hot supply (TMV3 D08-approved)
- Connecting to concealed services
