## About the Leeds Community TB Service

We are a community service and work in partnership with the Leeds Chest Clinic and Public Health England.

We provide specialist care and information about the prevention and treatment of TB for people of all ages in clinic settings and the home.

## What our service provides

- Advice about TB
- Support to individuals with TB and Latent TB Infection (LTBI)
- Screening for people who have been in contact with TB
- Screening for people who come to live in Leeds from countries where people are more likely to have TB
- BCG (Bacillus Calmette-Guérin) the vaccine against TB for eligible children aged 16 and under

## What patients say about our service...

I have been treated with respect and care. My wants and needs have always been catered for.

I get treated with respect and kindness every time I come for an appointment. They don't make you feel the least bit uncomfortable.
